Next Meeting: July 25, 2018
Place: Good Shepherd

Time: 7:00 PM

Glasses: 3

July Meeting Notice

June meeting summary: Preparing for Harvest

We had an interesting group discussion where we share thoughts and ideas on the upcoming harvest; from when to pick through fermentation.

July Meeting. COMPREHENSIVE SYRAH TASTING

Returning to a very popular similar theme from last year, Mary Lou and George Marek will extensively explore the variety SYRAH with tastes from wines made all over the world. We will discuss the history of this grape, where and how it is farmed, and different characteristics. We will have a group discussion along with the tasting. We plan to taste commercial wines alongside GENCO wines.

IF YOU HAVE A SYRAH YOU HAVE MADE BRING 2 BOTTLES to add to the fun. Please don't be shy, the success of this meeting will depend on the Syrah wine makers in the group.

Heads up: We have been invited to visit the Contra Costa wine group again this year. Last year was a very successful event for all who attended. The organizers in Contra Costa have an excellent schedule lined up but they need to know how many people to plan for. So, give it some thought because we'll be collecting names of interested parties at this months' meeting.

Steve Nurse, GENCO Secretary

Please bring 3 glasses to this meeting
