Speaker: Rob McNeill, Director of
Winemaking, Foppiano Winery

Educational program for July:

GENCO's July's meeting will be Rob McNeil, the Director of Winemaking at Foppiano Winery. The winery specializes in Petite Sirah, Pinot Noir, Zinfandel, Sauvignon Blanc and Chardonnay. I've asked him to talk a bit about his professional experience in the wine industry, his work at Foppiano, and provide some background information about the winery... its history, direction, current program and future direction. Since they make an outstanding Petite Sirah, I've asked him to talk about how they grow the grapes and make the wine. I've also asked him to talk about what makes their current Petite Sirah such a stand out. Furthermore, he'll offer tips about making better wine.
