SEPTEMBER MEETING – Maria Navarro of Enartis Vinquiry on Sanitation

Maria gave an engaging talk on sanitation. She was fun and informative making an important but often boring speaker topic come to life. If you missed this meeting, stay tuned as we hope to have her back again.

OCTOBER MEETING –SUCCESSFUL WINEMAKING DETAILED – Gold Medal Winemakers

Learn from your successful counterparts. We will taste a number of Gold Medal wines from the Sonoma Harvest Fair amateur competition. There is no fixed formula for making fine wine. Each winemaker has his own style and it varies from vintage to vintage, variety to variety, and successful winemakers often experiment with ways to improve their results.

We always taste some wines but this time the winemakers will give us detail on how he or she went about achieving this successful wine. What better than tasting a number of Gold Medal wines, and hearing from the winemaker how he or she went about making this fine wine. We will have a number of Golds, plus a fair share of Best of Class and Double Golds. Genco has a lot of skilled winemakers, many of whom do not enter wines in competition, but this time hear from those who have proven their skill with enviable awards. We've never done this before. Don't miss this chance to learn their styles and their secrets to success.
